A MEDICAL REVOLUTION?

HOLLOWAY'S OINTMENT

THE GREAT COUNTER IRRITANT ! The virine of disease often makes its pay to the internal organs through the pores of the skin. This penetrating Ointment, melting under the land as it is rubbed in, is absorbed throthe same channels, and, reaching the seat of inflamation, promply and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin as sammer rain passes into the fevered earth, diffusing its cool and regenerating influence.
